GUIDE TO UNDERSTANDING MOVING BOXES

Small Carton 1.5 (cu ft)

Approximately 1-2 small cartons per regularly furnished room.

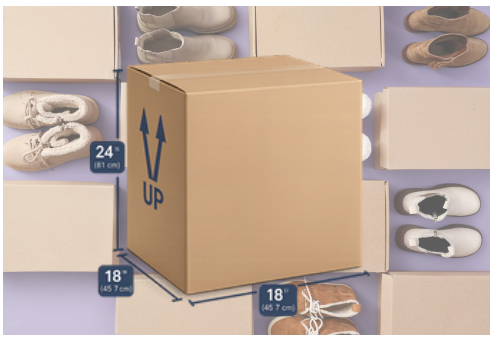
Mirror/Picture Carton 2.0 (cu ft)

About 2 mirror/picture cartons will suffice for:

- Large, non-crated mirrors & artwork.
- A dresser mirror.

Medium Carton 3.0 (cu ft)

One medium carton is enough for two full draws of a dresser, meaning for a 6-draw dresser, 3 cartons will suffice.



Large Carton 4.5 (cu ft)

One large carton is enough for:

- 6 plastic shoe containers
- or 8 pairs of shoes with boxes
- or 2 shelves within a linen closet

Dishpack 5.2 (cu ft)

One dishpack will suffice for:

- A full (double-door) kitchen cabinet's worth of dishes.
- Or 2 monitors up to 28"
- Or smaller glass/marble top tables
- Or smaller artwork

Extra-Large Carton 6.0 (cu ft)

One extra-large carton can hold:

- A smaller patio set of cushions
- Or large & overstuffed toys
- Or inflatable mattresses

Book Carton 6.0 (cu ft)

One book carton can approximately fit:

- One shelf row of a regular bookcase. That means if we have 1 bay with 6 rows in a bookcase, we'll use 6 book cartons (25 - 30 books per carton).
- Or 40 cans of canned goods
- Or tools from a handheld toolbox.
- Or the contents of a single full file cabinet drawer

Mattress Cartons

Varies depending on the size. Always check that the total mattress carton count matches the total number of mattresses (beds).

Wardrobe Carton 10.0 (cu ft)

One wardrobe carton fits:

- 18" worth of hanging clothing
